Experience

Sales Marketing Intern, Mumbai
Jun 2022 – Dec 2022
SVRR – NGO supporting vocational training for differently-abled individuals
Promoted handcrafted products, handled outreach calls, and gained practical insight into social enterprise marketing.

Private Tutor, Mumbai
Aug 2022 – Feb 2023
Tutored students aged 10–14, created engaging lesson plans, and tracked academic progress effectively.

Technical Skills

Languages: Python, JavaScript, HTML/CSS   **Libraries:** Pandas, NumPy, Matplotlib, Scikit-learn, TensorFlow
Tools: Power BI, Tableau, Streamlit, Git, GitHub, VS Code, Docker
Databases: MySQL, MongoDB, Firebase   **Other:** Razorpay API, Shippo API, HuggingFace, Excel, PowerPoint

Academic Projects

ThriftEx – Clothing Marketplace
Built a platform for users to buy and sell second-hand clothing. Enabled real-time price negotiations, online payments, and shipping label generation.

SoulBuddy – Mental Health Companion
Created a digital wellness tool that lets users journal their thoughts and receive AI-generated mental health activity suggestions.

HR Dashboard
Developed an interactive dashboard to track and visualize HR performance metrics, enabling data-driven organizational decisions.

Diwali Sales Analytics
Analyzed sales data from a Diwali e-commerce campaign to identify consumer trends and used ML models to forecast demand.

Notes Summarization App
Built a web app that auto-summarizes lengthy academic notes using NLP models, making study material faster to review.

Leadership Experience

Social Media Head – KC Techfest
Led digital campaign strategies and managed outreach.

Marketing Co-Head – KC Sports Committee
Handled promotion and coordination for college sports events.

Volunteer Experience

Change Is Us – Environmental Volunteer
Contributed to beach cleanups and awareness initiatives.

SVRR – NGO Contributor
Supported local community events, sales outreach, and training programs.

Certifications & Achievements

IBM Professional Data Science Certificate | Google Analytics Certified | 2nd Place – InnoHack Hackathon | AI in E-Learning – Paper @AIINC
